

State of ILLINOIS**OFFICIAL**

Co-payments

- (A) Co-payment is required for all inpatient days with the exception of days of care provided children (individuals through age 17), long-term care facility residents and pregnant women, including those post-partum women who have given birth within the last sixty days.
- (B) The co-payment is a deduction from the hospital per diem.
- (C) The co-payment amount is determined as follows:
- | | |
|---|----------------|
| \$325 per day or more | \$3.00 per day |
| Above \$275 but less than \$325 per day | \$2.00 per day |
| \$275 per day or less | No co-payment |
- (D) The co-payment amounts are automatically deducted from the Department's per diem payment to the hospital.
- (E) No provider may deny care or services on account of an individual's inability to pay a co-payment. (This requirement, however, does not extinguish the liability for payment of the co-payment.)
- (F) The exclusions for children and long-term care residents are enforced by MMIS edits using patient age and resident's information.
- The hospital is required to identify days of care for pregnant women in coding the UB 82.
- (G) Not applicable.
